

Warren County Little League
Financial Assistance Application

Warren County Little League, established in 2003, is a competitive and recreational baseball association chartered by Little League International and rooted in the heart of Warren County. Our mission is to promote the game of baseball and provide a fun and memorable team experience for the youth and families of Warren County. Financial challenges, at times, may prevent families from being able to afford 100% of the required fees for their children to play Little League baseball. WCLL does not want children from families with genuine financial hardships to not play baseball. Upon completion of this application the Warren County Little League board will review and if approved will present the family with either a reduced fee, a payment plan, or some other assistance that will allow their child (children) to play Little League baseball. No assistance will be granted without submission of this completed form.

Parent's Name _____

Parent's Primary Phone _____

Parent's Email _____

Player(s) Name _____

Player's Age _____

Request (please circle) Payment Plan Reduced Payment Full Scholarship

Have you received financial assistance from WCLL in the past? If so, what years and for how many players?

Please briefly explain your financial situation and the challenges that prevent you from paying the full registration fees. Your information will only be viewed by the board.
